

The “Vision”

Doctrine and Covenants 76

**President Wilford Woodruff
Fourth President of the Church**

"I will refer to the 'Vision' alone, as a revelation which gives more light, more truth, and more principle than any revelation contained in any other book we ever read. It makes plain to our understanding our present condition, where we came from, why we are here, and where we are going. Any man may know through that revelation what his part and condition will be"
